

SANCOLD - NEWS HIGHLIGHTS ICOLD Congress 2009

The ICOLD 77th Annual Meeting (Various committees and the Executive Meeting) and the 23rd ICOLD Congress will be held in Brasilia, Brazil in May 2009. The Annual Meeting takes place from 21 to 24 May 2009 and the Congress from 25 to 29 May 2009. An International Symposium will be held on 24 May on the topic of Dams and Reservoirs for Multiple Purposes. The four subjects to be discussed at the Congress are:

- Dams and hydropower;
- Management of siltation in existing and new reservoirs;
- Upgrading of existing dams;
- Dam safety management.

Full details of these events can be downloaded from the website www.icoldbrasil2009.org. The Final Bulletin on the website contains the registration form and costing details. Study tours to various places and dams in Brazil and Argentina will take place before and after the above events. A lower registration fee is given to those persons who register before 30 January 2009.

Should you decide to attend please inform the SANCOLD Secretariat.
