

## SANCOLD NEWS 2009.4.1

### **Commercial opportunities**

SANCOLD has already distributed information to members regarding commercial opportunities in the dam industry and the intention is to make this facility a regular feature. If you require relevant information to be circulated to SANCOLD members regarding commercial opportunities such as the request for consultancy proposals or tenders for construction contracts, please supply the information to the SANCOLD: Secretary.

The TCTA is seeking experts for two Panels of Experts for four major bulk water projects some of which involve large dams. The fields of expertise are in engineering and social/environmental fields. Further detail is available on [www.tcta.co.za](http://www.tcta.co.za) on the Careers page. The relevant information must be submitted by **12h00 on 14.4.2009**.

### **International Symposium on Rockfill Dams, China, 11-14 October 2009**

An International Symposium on the above topic is being organised under the auspices of CHINCOLD and ICOLD. Further detail is available on [www.chincold.org.cn](http://www.chincold.org.cn)

### **Outstanding membership fees**

SANCOLD calls on members to pay their outstanding membership fees as soon as possible. **Only paid-up members are entitled to nominate and vote at the AGM.**
